Reorganization of Trademark Examining Operation

The Trademark Examining Operation will be undergoing a reorganization from mid-September through October. The reorganization includes decentralizing the clerical staff, adding a sixth examining division, and reassigning trademark examining attorneys and goods and services classes among the divisions. Office space is being remodelled to accommodate these changes. Due to required construction on the second and third floors of Crystal Plaza Bldg. 2, some inconvenience is anticipated.

The Public Search Room will remain open during normal public hours of 8:00 a.m. to 5:30 p.m. However, access to application files may be interrupted at times.

After reorganization, it will be important for all correspondence and inquiries pertaining to a trademark application to identify the examining division and the trademark examining attorney handling the application. If the applicant has not yet been notified of the division number and the name of the examining attorney, correspondence should be addressed to the division which handles the class of goods or services covered by the application.

New telephone numbers will be assigned to several areas of the Trademark Examining Operation. When installed, these numbers will be published in the *Official Gazette.*

Your cooperation during this reorganization will be appreciated. Any questions relating to the reorganization should be directed to the office of the Director of the Trademark Examining Operation, 703-557-3268.
